Overview: Welcome to this townhouse, built in 2017 with steel construction to the highest standards. From the street, you enter into a hallway with marble floors and easy access to a large storage area for laundry use with washer and dryer. There are built-in closets in the small hallway with a guest toilet that opens to a generous living room with fireplace and kitchenette. The German Schmidt kitchen has a large gas stove of the highest quality, with space for a large dining table. Staircase with solid stone steps cut to perfection. The handrail is solid wood with recessed LED lighting made by Cartier's carpenter. On this floor, you will find two spacious en-suite bedrooms. One has access to the private garden and includes a dressing room and a bathroom with shower and bathtub, while the other has a balcony. Both bedrooms have built-in closets with lights. On the next floor there is another en-suite bedroom with balcony and fitted closets with lights. The other room on the upper floor is currently used as an office and is prepared for a bathroom. It also has access to a terrace overlooking the garden. The solarium contains a whirlpool bath, which can be exchanged for a plunge pool, together with the boiler (260 l) and the exterior air conditioning units. Documentation up to date.
