Overview: Opportunity to catch! One of the best reform projects in Costa del Sol! The best property in Benahavís village. In the heart of the village, set on its own hilltop with breathtaking mountain views in all directions. Secluded and surrounded by forest, for its own privacy, yet, still only a short walking distance to the picturesque and sought-after village with its many bars and renowned restaurants. The manor was built 1995 by a Russian noble man with no expenses spared. Today it's a reform project where you can put your own mark on the estate of 1100 sqm in 3 levels with 8 bedrooms and 8 bathrooms, built on a double plot of 4200 sqm. With a big pool, five open fireplaces, double garage, solar panels, huge wine cellar and many terraces. The options are many: A big home for generational living, a family home with 5 extra apartments to rent out, or an urbanisation of six apartments with a shared pool. Possibility to request a permit to build a brand-new villa on the lower plot. This is a rare chance to acquire a truly unique property to create your dream home in one of the most prestigious spots on Costa del Sol. The price is negotiable, offers are welcomed after the visit.
