Overview:Paraíso Pueblo El Paraíso, Benahavís — Costa del Sol Where Andalusian Soul Meets Contemporary Living Nestled on a sun-drenched hillside in the heart of El Paraíso, Benahavís, Paraíso Pueblo is a residential community unlike any other on the Costa del Sol. Conceived as a living, breathing Andalusian village — rather than a conventional apartment block — this is a place where cobbled pathways, hanging flower pots, intimate plazas and trickling water features create an atmosphere of authentic charm, while every modern comfort has been carefully woven into the fabric of daily life. A Village Within a Resort The sleek white apartment buildings flow naturally along the hillside, appearing like village houses from a traditional Pueblo Blanco. Seen together, the complex reads as a contemporary take on a classic Andalusian village, set against spectacular natural scenery. This is no ordinary development — it is a community with a genuine sense of place. The village-style layout ensures Paraíso Pueblo is free of the rigidity and uniformity found in so many Costa del Sol developments, instead flowing along the natural slope to preserve unspoiled vistas of the shoreline — stretching all the way from Marbella to Gibraltar and, on clear days, across to the mountains of North Africa. The Homes All apartments offer a contemporary open-plan living area with generously sized bedrooms and bathrooms, and a choice of terraces or private gardens. Ground floor homes enjoy beautiful patios and gardens, while top-floor residences are crowned with expansive solariums. Interiors are finished to an exceptional standard, with marble floors, fully installed hot and cold air conditioning, and fully equipped kitchens and bathrooms throughout.
