Overview:A selection of building plots is offered for sale in La Alquería, a well-established and quiet residential area of Alhaurín de la Torre, approximately 20 minutes from Málaga, the international airport, and the beaches of the Costa del Sol. The plots are centrally located, close to Lauro Golf, and form part of a small private urbanisation planned for just six villas. The setting offers a low-density environment with no through traffic, suitable for both permanent living and second homes. The development is offered with flexible purchase options. Buyers can acquire individual or multiple plots depending on their needs. There is also the option to include a contemporary villa project with each plot. The proposed villas are designed with modern architecture, efficient layouts, and a strong connection between indoor and outdoor living. Designs and specifications can be adapted, with the possibility to incorporate features such as a private swimming pool, solar installation, underfloor climate control, smart home systems, and covered parking. The location combines residential tranquillity with good access to Málaga, the airport, and the coastline, making it a practical choice for both end users and investors.
