M²: 31
Price: 21,200 €
Status: Sale
Property Type: Commercial
Parking places: by request
Printing day : 16th November 2026

Overview:Spacious garage for sale in a central area of Fuengirola, located on level -2 of a residential building constructed in 2006. The garage enjoys an excellent location close to Bioparc Fuengirola, in a well-connected and busy area. Parking spaces in central Fuengirola are limited, making a private garage a valuable and convenient asset. With its generous 31 m² size, the parking space is comfortable and practical to use. It is an ideal option for those who live, work, or regularly spend time in the city centre. It can also be a great investment opportunity, as parking spaces in such a central location are often in demand for rental. It is also an excellent choice for owners of holiday or tourist rental properties in Fuengirola, as offering a ■private ■parking ■space ■can ■provide significant added value and ■convenience ■for guests. ■The proximity ■to Bioparc, shops, services, and ■the ■city centre further ■increases ■the ■appeal ■of ■this ■property
